Lynch named National Remodeler of the Month

Local Maryland Building Industry Association member Donald Lynch, of Lynch Construction, in Churchville, was named the National Association of Home Builders September 2016 Remodeler of the Month. Lynch was selected for his leadership in craftsmanship, customer service and community involvement and exemplifies the best in the remodeling industry.

"We are thrilled to have one of our members receive national recognition for his professionalism and commitment to the industry," Lori Graf, CEO of MBIA, said.

Lynch Construction has been a member of the association for almost 35 years and under Lynch's leadership, has amassed six Awards of Excellence from the local Remodelers Council. In 2008 and in 2009, Lynch served as president of the Remodelers Council. He holds two designations through NAHB -- Certified Aging-In-Place Specialist and Certified Graduate Remodeler.

"I'm proud to receive this award," Lynch said. "It is a testament to hard work and my dedicated employees."

Lynch Construction was founded in 1958 by Lynch's father and his son now serves as manager of the company.

"As a family owned and operated business, your reputation is everything and we pride ourselves on our quality of work, honesty and professionalism," Lynch added.

Lynch is actively involved in the community outside of the remodeling industry, serving on the Board of Directors for SARC, which helps women and men who have fallen to domestic violence, and chairing the facilities committee.

The purpose of the NAHB Remodeler of the Month award program is to celebrate local, active remodelers who stand out because of recent quality work, customer service, community involvement and dedication to furthering the industry. Lynch Construction will be profiled in Qualified Remodeler magazine.

Is It Time To Remodel?

Perhaps it was that moment when you realized that avocado green and harvest gold are no longer the "in" colors for today's trendy kitchens. Or maybe you had an epiphany one day as you stood in line to use your own bathroom. Whatever the impetus, the thought has crossed your mind: Maybe it's time to remodel.

If you follow through on that thought, you'll join millions of others who decide to remodel their homes each year. The reasons for remodeling are as varied as the projects we undertake. Some of these include:

- Adding more space.
 - Upgrading cabinets, counters, appliances, and fixtures.
 - Creating a floor plan that's customized for your lifestyle.
 - Improving energy efficiency with new windows, doors, insulation, and climate control systems.
 - Increasing the resale value of your home.
- Before you get too far, it's a good idea to think through your wants and needs:
- Decide what changes you want to make.
 - Ask yourself and other family members what you like and dislike about the house, then create a prioritized list.
 - Look at magazines and collect pictures of what you like.
 - Think about traffic patterns, furniture placement, colors, lighting, and how you want to use the remodeled space now and in the future.
